Recycle

(Tune: Ten in a Bed)

Written by Meish Goldish

A can in the bin and another went in.
Recycle! Recycle!
We all recycled and added a can.

There were two in the bin and another went in.
Recycle! Recycle!
We all recycled and added a can.

There were three in the bin and another went in.
Recycle! Recycle!
We all recycled and added a can.

There were four in the bin and another went in.
Recycle! Recycle!
We all recycled and added a can.

There were five in the bin and another went in.
RECYCLE!
